WARNING: Do not use harsh chemicals, abrasives, lime removers, toilet bowl cleaners or any chemicals that have not been approved by Re-Bath / AmBath. Use of these chemicals or abrasives will cause a dull surface and/or chemical crazing or cracking of the acrylic surface.

GENERAL CLEANING INSTRUCTIONS:

Use non-abrasive soap and water when possible. Review instructions on cleaner before applying to acrylic surface of liner. Never use abrasives. Be sure to thoroughly rinse after each cleaning.

WARNING: The use of Drano or other harsh chemical drain cleaners is not recommended. The preferred method for cleaning is to remove the drain and use a plumber's snake. If chemical drain cleaners must be used, use a funnel and proceed cautiously. If the drain cleaner comes in contact with the liner it will cause permanent discoloration or damage to the acrylic surface.

***IMPORTANT* CLEANING THE SLIP RESISTANT BOTTOM:**

As needed, scrub gently with a soft nylon brush using any of the cleaners listed above. Use straight Palmolive dish detergent on stubborn stains. **Do not** use abrasive brushes or pads such as ScotchBrite® or any other abrasive products.

Light Scratches or Abrasions: Light scratches can be removed and the original gloss fully restored using the following products: **Micro-Gloss, Mirror Glaze, J-Wax Turtlewax, or Kit Wax products.**
